Texthelp Ltd – Read and Write 10 Gold Training Outline

Texthelp's Read & Write 10 Gold is the world's leading literacy support software and is designed to assist users with literacy difficulties, such as Dyslexia, to work in an inclusive manner alongside their peers/colleagues.

The Full Day, Certified Trainer Training, comprises of Demo and practical use of the software to gain the skills and confidence to train others in the use of the software.

Upon completion of the practical session and successful completion of an open exam (optional), where the software may be used to glean the answers, you will receive your certificate and can be added to the Texthelp website as a trainer in your area(optional).

The features detailed below are covered in the practical element of the training session:

Text to speech	Shows the fundamental support feature within the software and the various applications it can be used in
Spell Check	Gives the meanings and sample use of each spelling option. Words and meanings can be read to you.
Word Prediction	As you start to type a word, this feature will suggest words according to the context of your text. Gives meaning of suggested words and homophones.
Dictionary	Auditory dictionary provides definitions and sample sentences, and alternative words that you can use. It can also link to http://dictionary.com
Picture Dictionary	Provides a pictorial example of the word you are looking for
Verb Checker	Determines which verb conjugation partners the relevant personal pronoun
Homophone support	Homophones are words that sound alike, but have different meanings, such as *to*, *two* and *too.* These icons will find homophones, and give their spellings and meanings.
Speech Maker	Creates an audio file of the selected text, so you can listen to it from other devices, such as an MP3 player.
Scanning	Scans pages, in either pdf or word, with a scanner connected to your computer. The program can then read the pages aloud to you.
Screenshot Reader	Reads inaccessible text, formatted in documents and web pages
Fact Folder	Save information, images and sources in one place for later use.
Fact Mapper	Organise your ideas before you start to write. Mind mapping.
Translator	Provision of a word one translator and a paragraph translator designed to assist with ESL students.
Screenmasking	Provides screenmasking options to deal with scotopic sensitivity issues
PDFaloud	Allows user to read PDF documents
